**Ponte Vedra Dry Cleaner Offers **FREE Pick-Up, FREE Delivery** & \$10 Dollars Worth Of **FREE Dry Cleaning!****

Most dry cleaners that pick-up and deliver charge you a fee or increase their prices—even with these high gas prices, I don't! Hi, my name is Greg Barber, I grew up in Ponte Vedra Beach and I run Beach Cleaners, a dry cleaning drop off store and home delivery service. We have 1 store, and several vans. I started this business in 2009 and my 700+ customers love me.

**I save my dry cleaning customers time and money, just like I would do for you. And how do I do that?**

You don't have to run back and forth to the dry cleaning store any more—I'll save you the time and the \$2.89 per gallon gas money. And I'm not expensive. In fact, I'm less than quite a few dry cleaners in town and my quality is second to none. It's a pain in the neck to drop off and pick up your dry cleaning. Most of the time it sits in your car until you remember to drop it off. And then it sits at the dry cleaner until you remember to go pick it up (and hopefully they're open). And if you've got kids—you have to get all of them out of your car and lug them in the dry cleaning store with you.

**Why not let me show you the luxury (without the cost) of dry cleaning pick-up and delivery?**

You'll put out your dry cleaning on Monday in one of my beautiful bags and miraculously it shows up on Wednesday or you put it out with a note saying "next day," and it shows up Tuesday. Or you forget to put it out, or you just got back from vacation or a business trip—you call us, we'll pick it up and it shows up the next day.

**\$5 dollars for your broken buttons.**

I don't know about you, but I get really mad when a shirt comes back from the cleaners with a broken button. So here's what I've done: you'll get \$5 dollars cash for any buttons we miss that are broken. Don't get me wrong, we didn't set up this policy so that we could give away five-dollar bills—we set it up so that we would meticulously check your buttons to find the broken ones so we don't loose the five bucks.

**No start-up fee. Try with no obligation. \$10 off your first load.**

So here's how this FREE delivery service of mine works: (Call me at 234-4400. I'll answer any questions you have and ask you a few questions.) I'll stop by and give you one of our bags. You can give our service a trial month or so and see how I do.
